Re: 10,000

Dear Ms. Garrison:

In response to your complaint regarding excessive emissions on May 20, 2010, Air Pollution Control Division personnel made a follow up visit to Helms Slaughtering Company on June 25, 2010 and performed a visual emissions evaluation. There was no problem found with the incinerator that day.

If you have any further questions, you may contact this office at 594-6035.

Sincerely,
